

1. PREAMBLE

WHEREAS the University of Ilorin (hereinafter referred to as "the University") was established to:

- a. encourage the advancement of learning and to hold out to all persons, without distinction of race, creed, sex, religion, or political conviction, the opportunity of acquiring a higher and liberal education;
- b. provide courses of instruction and other facilities for the pursuit of learning in all its branches, and to make those facilities available on proper terms to such persons as are equipped to benefit from them;
- c. encourage and promote scholarship and conduct research in all fields of learning and human endeavour;
- d. relate its activities to the socio-cultural and economic needs of the people of Nigeria; and
- e. undertake any other activities appropriate for a University of the highest standard.

These objectives would be attainable only in an atmosphere of peace and harmony where the Rule of Law prevails and all students obey and observe all the University's rules and regulations and display a deep sense of honesty, dedication, dynamism, discipline and respect for constituted authority.

The Senate of the University, in exercise of the powers conferred on it by Section 6(4) of the University of Ilorin Act, CAP 455 Laws of the Federation of Nigeria, 2004, and all other powers enabling it in that capacity, hereby makes the following Rules and Regulations:

2. STUDENTS' CONDUCT AND DISCIPLINE

The University is established primarily for the development of students intellectually, socially and culturally. It also aims at inculcating good character as an integral part of education. An acceptance of admission offer by a student into the University, automatically implies that he or she has accepted to abide by the Rules and Regulations that may from time to time be made for governance of the University. Such acceptance also carries with it an obligation that the student shall conduct himself or herself as a law-abiding and responsible member of the academic community in accordance with the University's best standards, rules and other conditions established by the legally constituted authorities of the University.

3. PERSONAL AND ACADEMIC INTEGRITY

- a) It is hereby generally recognized that dishonesty of any kind is a behavioural issue which must be **jettisoned**. A good, positive and forward-looking behaviour at all times, coupled with good company, should be his/her priority. Avoid anybody who makes overture to him/her to join any unregistered group/association by Student Affairs Office.

Every student (male or female) must avoid any dress that may expose sensitive and vital areas of their bodies. No student shall be involved in pornography either within or outside the

University. Violation of the Dress Code as prescribed by the

University or involvement in pornography is a serious act of misconduct which shall attract stiff penalty.
